John –
CEPAM included control rule data received through November 30, 2015. So the answer to your question would be prior to December 2015 for both District and CARB rules.
Tina

Hi Tina –

I may have additional questions as I write the FR notice. Here's the latest … do you know the answers to the following? The 2012 base year and future year inventories in the 2017 Eastern Kern Ozone Plan reflect District rules adopted prior to (month) 201_, and CARB rules adopted by (Month) 201_.

Thanks
