Any disclosure of individually identifiable information from a record in this system must also comply with the requirements of section 183 of the ESRA (20 U.S.C. 9573), providing for confidentiality standards that apply to all collection, reporting, and publication of data by the Institute of Education Sciences. As part of such a contract, the Department shall require the contractor to agree to establish and maintain safeguards to protect the security and confidentiality of the disclosed records. Any contractor or subcontractor that either obtains PII contained in student education records on behalf of the Department or to which the Department discloses PII contained in education records pursuant to this routine use shall comply with all applicable FERPA restrictions that apply to such PII, including, but not limited to, on the use, redisclosure, and destruction of such PII.

All information will be kept in locked file cabinets during nonworking hours, and work on hardcopy data will take place in a single room, except for data entry.

Physical security of electronic data also will be maintained. The contractor's and subcontractor's employees who "maintain" (collect, maintain, use, or disseminate) data in this system must comply with the requirements of the Privacy Act and the confidentiality standards in section 183 of the ESRA (20 U.S.C. 9573).
