FAA AFS-200  
COVID Exemptions

Letter of Intent FAA Exemption No. 18510B

Dear Sir/Madam,

Due to the unprecedented circumstance associated with the COVID-10 pandemic, Skyward Aviation is notifying you of our intent to use the extended grace late periods as described in the Grant of Exemption No. 18510B, Regulatory Docket No. FAA-2020-0292. This includes, but is not limited to, extending the grace late provisions described in the exemption to those Contract Flight Instructors and Contract Check Pilots needed to conduct Part 135 Training when that training is conducted at a Part 142 Training Center.

This letter affirms our intentions to exercise the relief granted in the exemption, and to comply with all conditions and limitations of the exemption. A separate request for A005 authorization along with our risk mitigation policies has been sent to our POI.

Sincerely,

Hendrik A. Juriaan de Blok  
Chief Pilot  
RSB Investments, Inc. d/b/a Skyward Aviation
